

## Brand Introduction

- Ontrack created in 2009 with firmly committed to the progression of more people riding bicycles by engineering and producing quality, long-lasting bicycle tires that are attainable by the masses.
- Ontrack Dedicated to the needs of professional riders and commuters of the world, the value-focused Ontrack brand is driven to provide tires that any and every rider can depend upon.

No matter the distance, staying hydrated while on the bike is key. Designed to fit a variety of bottle cages on the market, along with an easy squeeze design to ensure more liquid with less effort, all of our bottles are equipped with a self-sealing cap for less spills and splatters. For leak-proof transport and all parts are 100% free of BPA, BPS, and BPF. We offers best-in-class hydration so you can stay focused on the ride.

## ● Description

Tough enough to tackle any ride, our Steel is built for life on and off the road. Made from premium 18/8 stainless steel, this sleek bottle combines rugged durability with a streamlined design that's always close at hand but stays out of your way. The double-wall vacuum insulation keeps your beverages cold for your entire ride. The high-flow cap and innovative no-squeeze design helps you stay hydrated without missing a step. The optimized cage fit keeps your bottle securely in place, even during the most demanding rides. Plus, the BPA-free, easy-to-clean construction ensures a quick rinse is all you need before hitting the road. For riders who refuse to compromise, the Steel water bottle is a trusted companion on all your cycling adventures.

## ● Features

**GREEN:** Made with safer chemicals, designed to preserve resources and diminish disposables.

**Double-Wall Vacuum Insulation:** Temperature defying chill

**Lightweight Design:** So lightweight you might forget it's there

**Hours Cold:** 14 hours

**No Squeeze Required:** Just grab, lift, and sip

**18/8 Stainless Steel:** Tough as nails, but doesn't taste like them

**High-Flow Cap:** Logic-defying sipping ease

**SELF-SEALING CAP:** This maximizes the flow rate while eliminating spills and splashes

**Optimized Cage Fit:** Fits most bike cages

**BPA Free:** Ride dirty, drink clean

**Easy-to-Clean:** Made for that post-ride convenience

**Compatibility:** Universal Cap System

**Wears In, Not Out:** Built tough enough to endure the scrapes and scratches that are inevitable with bike cages, Our Steel bottle will likely eventually show some light wear that doesn't sacrifice the integrity of the bottle itself.
